Please note that we are *not* a full service wedding vendor.

We do not do installs or set your wedding venue up for you. What we do is create a beautiful assortment of wedding essentials that you may need for you to pick up. Pick up services scheduled at booking. (It does not have to be you.)

Choosing Fresh Local Flowers

It is important for you to understand that by choosing us, you are choosing fresh local flowers. This means we are creating with what's available in Michigan at that time and supplementing only when needed. If you want peonies or ranunculus in August, we are not the farm for you. Those are spring blooms and only available in the Spring with our farm.

By choosing our farm, you choose to trust us to create a gorgeous selection for your wedding using what is in season. If we sound like the choice for you, please fill out registration form and email it back to us.
